CONDITIONS GOVERNING OCCUPATION OF THE FOOTPATH/ROADWAY

The general conditions governing the Occupation of the Footpath/Roadway are set hereunder. Any variations or special directions given by authorised officers of the Council, or by any Police Officer are also to be complied with by the permittee (the holder of the permit). Permit is valid only for the period covered by the nominated start and finish dates.

Police Permission

1. Police permission is required before any Occupation of the footpath/roadway occurs. To Obtain Police permission, application is to be made to the Traffic Supervisor, New South Wales Police, Local Area Command.
2. Council is unable to provide permission for vehicles to park contrary to existing parking restrictions and permission to do so should also be obtained from the Police.

Permit To Be Produced On Demand

3. The Permit shall be produced on site by the permittee for inspection by any authorised officer of the Council, or by any Police Officer who may require to examine it.

Protection of Public by Permittee

4. Council shall be indemnified against all claims for damage or injury which may result from the occupation of a site. All applicants must have a \$10,000,000 Public Liability Insurance Policy.
5. The Permittee is responsible for the protection of the public from hazards which may be caused by the occupation of the footpath/roadway.
6. Barricades, lights, reflective cones or safety mesh shall be placed appropriately around the approved item wherever required as a protection for the public.
7. Provisions for safe access for pedestrians around the approved item will need to be made.
8. Any road occupancy must comply with all conditions set by Council, the Police or Roads and Traffic Authority regarding time restrictions and the number of traffic lanes to be maintained.
9. Traffic control at the site needs to meet the requirements of WorkCover and comply with the RTA guidelines as appropriate.
10. The site of the approved item is to be adequately lit with flashing yellow lamps, supplemented by reflectors. Not less than two lamps both visible to approaching traffic must be placed on any approved item. The responsibility for keeping lamps lit lies with the permittee.

Kerb and Gutter Status Form

11. Prior to any occupation of the footpath/roadway the applicant shall return the attached footpath/kerb and gutter form to Council detailing the existence of, and the condition of, any footpath paving, and/or kerb and gutter provided adjoining the site for checking against Council's records. Damage to footpaths, kerbs, stormwater systems and general streetscape will require restoration at the permittee's expense.

12. The permittee is responsible for any damage to Public Utility installations.
